Information Highlighting in Advanced Learner English Marcus Callies, 2009 This book presents the first detailed and comprehensive study of information highlighting in advanced learner language echoing the increasing interest in questions of near native competence in SLA research and contributing to the description of advanced interlanguages It examines the production and comprehension of specific means of information highlighting in English by native speakers and German learners of English as a foreign language presenting triangulated experimental and learner corpus data as corroborating evidence The study focuses on learners use of discourse pragmatically motivated variations of the basic word order such as inversion preposing and it and wh clefts an underexplored field in SLA research to date The book also provides a critical re assessment of the study of pragmatics within SLA It has largely been neglected to date that L2 pragmatic knowledge includes more than the sociopragmatic and pragmalinguistic abilities for understanding and performing speech acts Thus the book argues for an extension of the scope of inquiry in interlanguage pragmatics beyond the cross cultural investigation of speech acts It also discusses pedagogical implications for foreign language teaching and will be of interest to applied linguists and SLA researchers language teachers and curriculum designers

The Independent Police Complaints Commission Great Britain. National Audit Office, 2008 This NAO report HC 1035 session 2007 08 ISBN 9780102954371 focuses on the Independent Police Complaints Commission IPCC investigation of complaints against the police The IPCC has responsibility for the performance of the whole police complaints system and has a remit to investigate complaints and conduct matters involving police officers It can recommend appropriate action by the police force concerned and forward information to the Crown Prosecution Service It employs just under 400 staff and has a net expenditure for 2007 08 of 32 2 million with 30 1 million financed from the Home Office In 2007 08 nearly 29 000 complaints were made against the police Most were dealt with locally by the relevant police force and did not involve the IPCC The NAO findings include supervised investigations are not the most effective use of IPCC resources the IPCC is facing an increasing workload when its funding is being reduced the IPCC is not yet providing full guidance and training for its staff there was a number of investigations where there was no auditable record that an IPCC Commissioner had reviewed and approved an investigation report the review functioning of the IPCC is not operating as intended there is no formal review of cases after they have been completed the work carried out by the IPCC is not subject to external scrutiny there is significant inconsistency across the IPCC regions in the way recommendations arising from investigations are being followed up no single organisation has responsibility for monitoring the implementation of recommendations by police forces the IPCC should undertake regular surveys to obtain feedback and identify actions that

need to be taken to improve client satisfaction
